# Discipline vs Fun

As one grows older, one must realize that life is serious, and our time here is not eternal.

Therefore, we will not squander our time and realize that life is not full of uninterrupted fun.

Uninterrupted fun is only a way of escaping from the challenge of doing something significant with one's life.

Having fun can be a spice of life  
but not it is not the main course,  
because when it is over nothing of  
lasting value remains.
